Judy Niner

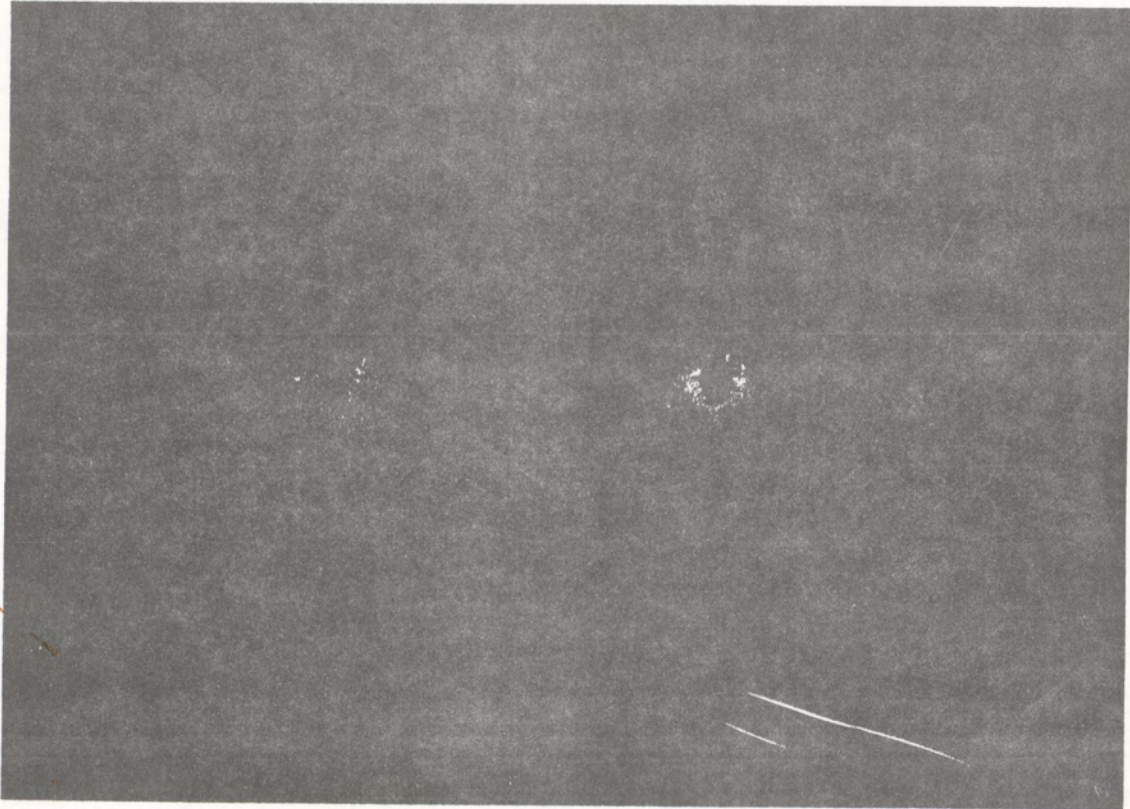

Viviana Marcus

A story of mystery and peril on two worlds. Something savage is stalking the streets of London, and humans are its prey. People are vanishing. But only young, healthy people. When the Doctor takes Ace on a sentimental journey to her old neighbourhood they discover all her friends are missing. The Doctor and Ace are drawn into investigating and become prey themselves. ~~They~~ are carried away to another planet -- the Hunting World. A violent wasteland where human beings are hunted by the Cheetah People. The Cheetah People are ruthless, ancient and implacable creatures, but the real enemy is an old, old acquaintance of the Doctor's. A sinister black clad figure stands waiting in the desert glare. It is the Master who has brought him there. But for once ~~he~~ isn't seeking the Doctor's destruction. The Master is trapped on the Hunting World and unless the Doctor can discover a means of escape, ~~they~~ all face death.

The following rehearsal schedule is unfortunately subject to change so please bear with me. You will find all first calls underlined each day and while I have tried to keep waiting around to a minimum there are occasions when a certain amount will be inevitable so apologies for that now.

Don't worry at what seems a very short lunch break, Alan only takes half an hour but I have scheduled things so that everybody else gets a full hour.

Looking forward to meeting you,

Make-up quote and breakdown

7 cheetah latex heads with hair laid over prosthetics	7,340

5 sets teeth	870

7 x beards for cheetahs	52.50

Wig for master	97.50
----------------	-------

incidentals and to cover second story	200
---------------------------------------	-----

Total:

a) If cheetahs done with hair laid over prosthetic = 9,792.50

b) If cheetahs done with fur fabric = 7,792.50

(Budget is 3,348)

Visual Effects

Malcolm at the moment feels fairly confident budget is OK - have agreed and told him to go ahead on animotronic cat. Budget will be OK if he's not involved heavily with the husks. Apparently Joan is providing some animal heads for these.

Costume

Budget is 16,480 but to cope with make-up quote will need to cut Ken back. Until I talk to him I won't really know by how much I can do it. Need to cut him back by approx. 6,500 or 4,500 depending on which version of cheetahs we do. (Have held back 3,000 from design as a contingency) We will possibly also save on location costs as the quarry is cheap.

- 1) Query from Anushia - she's not certain what Ace should be wearing in Battlefield bearing in mind she goes into the water in the airlock. Can you have a chat with her about it.
- 2) Rose will need help typing schedule next Wednesday. Can Clare help her or would you prefer Carol to find someone else. I have asked Clare and she wouldn't mind but have also warned Carol Rose may need someone.
- 3) If you see Rita before me can you just enquire as to whether the room she has found for costume is OK and settled now as Anushia has been worried about it.
- 4) Rehearsals for Michaels. At moment due to start 18th May do 18th/19th then gave them 20th/21st off for cup final weekend and then did further 7 days. Is there any reason why they couldn't start a day later ie. 19th and just have 1 day off at weekend. I couldn't think of any reason but wanted to check with you.
- 5) Can you discuss goffer situation with Rita.

Costing: If we have 31 seater bus each day for cast and crew will cost total of: 1,842

If have cars for Matthew, Rita, a goffer (a 7 seater job to carry artistes) one for make-up and two for costume will cost 1400 including goffer's overnights and food.

I don't think it would cost 442 pounds for petrol but it's difficult to work out. So at worst costs the same and people are more mobile but only works if have a goffer the whole time I think. Because if we don't we're back into a bus again.

However on certain days if make-up and costume had cars we need only have a minibus for artistes so could balance out by having goffer for part of time only as you suggested.

Costume and make-up are not in unit hotel so I think will need cars which would be cheaper for us than going back to a big bus.

c/o Fox' & Sons,

WEYMOUTH.

Dear Mr

Further to our conversation, I would like to confirm that we will be using the exterior of Stanton Court, 11 Greenhill, Weymouth for a film sequence for "Doctor Who", and as agreed will pay a facility fee of           . While on the property, we are covered by indemnity and will get the Locations Office to send the appropriate documents and contact.

As I explained, it is only the exterior of the house and filming will take place between 1900-2200 hours.

I agree that I will liaise with the tenants of the building, as I don't want to see any motor cars (as the period is Victorian) and I will make sure that the tenants are not inconvenienced too much. The date will probably be Wednesday, 21st June.

Once again, thank you for your kind co-operation.

Yours sincerely,

GARY DOWNIE

To; Alan Wareing  
Valerie Whiston

John Nathan-Turner

Just a note to let you know that the sypher dates for the above show have changed slightly from what was originally planned. They are as follows;

Episode 1

Thursday 19th October  
Saturday 21st October

With Scott Talbott

Episode 2

Thursday 16th November  
Thursday 23rd November  
Possibly with a different sound supervisor

Episode 3

Sunday 12th November  
Saturday 25th November  
With Scott Talbott

It may be that Scott Talbott is available for November 12th, 16th, 23rd & 25th in which case if he is we will do;

Episode 2

Sunday 12th November  
Thursday 16th November

& Episode 3

Thursday 23rd November  
Saturday 25th November.

..... we will not know until nearer the time. It may also be that, because we have had to book an extra day for 7Q to complete episode 1 that we might get into track laying the music for 7P episode 1 earlier than planned on

Thursday 5th October. So please bear that date in mind for 7P as well.

COMPOSERS' REVIEWS

Please note that, if all goes to plan, we should have VITC cassettes available of Episode 1 after 12th September and VITC cassettes of Episode 2 available after 18th September so it may be that Alan will re-organise composers' reviews for episodes 1 and 2 and bring it/them forward earlier than 21st September. He will be in touch direct about this.

Love,
